ULTRAPRÄZISION MESSZEUGE GMBH

TRADITION · PRECISION · INNOVATION since 1888

SPRING PROMO 2026

ULTRA, the experts for high quality gauges Made of tungsten carbide

Advantages in comparison to hardened steel

- Maximum wear resistance
- Up to 20x longer service life
- Very high hardness, resistant to scratches
- Enhanced protection against corrosion
- Particularly cost-effective for series testing

! Due to the global shortage of tungsten carbide raw materials, we reserve the right to adjust prices starting July 2026.

ULTRA, professionals for gauge blocks In special sizes

Individual nominal sizes in steps of 0.001mm

- Unbeatable price-performance ratio
- Hardened special steel, tungsten carbide or ceramic
- Accuracy grade 0 or 1
